

5th ISETPP & 3rd IPEC, 2016

November 7-9, 2016, Guangzhou, China

5th International Symposium on Emerging Technologies of
Pulping and Papermaking & 3rd International Papermaking and
Environment Conference (5th ISETPP & 3rd IPEC)

November 7-9, 2016, Guangzhou, China

The First Announcement

Organizer: State Key Laboratory of Pulp and Paper
Engineering, South China University of Technology, China

Tianjin key laboratory of pulp & paper, Tianjin
University of Science and Technology, China

Jiangsu Provincial Key Lab of Pulp and Paper
Science and Technology, Nanjing Forestry University, China

Supported by

South China University of Technology, China

Tianjin University of Science and Technology, China

Nanjing Forestry University, China

	ecoprocesses research group
Jorge Colodette	Universidade Federal de Viçosa, Brazil
Pedro Fardim	Åbo Akademi University, Finland
Gil Garnier	Monash University, Melbourne, Australia
Ulf Germgård	Karlstads University, Sweden
Thomas Heinze	Friedrich Schiller University Jena, Germany
Qingxi Hou	Tianjin University of Science and Technology, China
Kak Lae Lee	Seoul National University, lhakl@snu.ac.kr
Ruigang Liu	Institute of Chemistry, CAS, China
M. E. Lindström	KTH, Sweden
Shijie Liu	State University of New York, Syracuse, NY, USA
Zhong Liu	Tianjin University of Science and Technology, China
Fachuang Lu	South China University of Technology, China
Yuji Matsumoto	The University of Tokyo, Japan
Yonghao Ni	University of New Brunswick, Canada
Xuejun Pan	University of Wisconsin-Madison, USA
John Ralph	University of Wisconsin- Madison, USA
Orlando Rojas	Aalto University, Finland
Thomas Rosenau	University of Natural Resources and Applied Life Sciences (BOKU), Austria

Pekka Salminen	Trinseo Europe GmbH, USA
Bruce Sithole	Univ. of KwaZulu-Natal, Durban, South Africa
Runcang Sun	Beijing Forestry University, China
Martti Toivakka	Abo Akademi University, Finland.
Yasumitsu Uraki	Hokkaido Univ.,
Huining Xiao	University of New Brunswick, Canada
Hui Zhang	Nanjing Forestry University, China
Meiyun Zhang	Shaanxi University of Science and Technology, China
Yulin Zhao	Nalco, A Ecolab Company
Junyong Zhu	USDA, USA

Organizing committee member

Shiyu Fu	South China University of Technology, China
Hongjie Zhang	Tianjin University of Science and Technology, China
Yongcan Jin	Nanjing Forestry University, China
Zhao Chen	South China University of Technology, China
Chuanfu Liu	South China University of Technology, China
Jun Li	South China University of Technology, China

General Topics

- 1). Plant fiber chemistry and new analytical methods
- 2). New technology of pulping, bleaching and fiber recycling
- 3). New technology of papermaking, finishing, coating and converting
- 4). New equipment for pulping, papermaking and biorefinery
- 5). New technology of effluent treatment and waste utilization
- 6). New technology of printing and graphics processing
- 7). Biotechnology in pulping and paper-making
- 8). Biorefinery and nanocellulose-based functional materials

Conference date:

November 7-9, 2016

Conference Website:

<http://2016isetpp.ppeskl.com/>

Conference venue:

Xihu Hotel

South China University of Technology

381 Wushan Rd., Guangzhou 510640, China

Timetable for Offers

- 1). Abstracts refereed by June 20, 2016 (Extended)
- 2). Acceptances notified by July 20, 2016
- 3). Full manuscripts required by August 20, 2016

Contribution of Papers

5th International Symposium on Emerging Technologies of Pulping and Papermaking & 3rd International Papermaking and Environment Conference (5th ISETPP & 3rd IPEC) will be held during November 7-9, 2016 in Guangzhou, China.

Both ISETPP & IPEC are held every 4 to 6 years to attract scientists and engineers around the world in pulping, paper-making and related areas, to share their exciting findings and discuss scientific or engineering issues. In the last ISETPP conference (2010, Guangzhou, China), more than 600 participants came to the meeting. The organizers of this meeting hope the colleagues including professors, students, engineers and technicians to come again to Guangzhou and enjoy the exciting time.

All scientists and engineers around the world are welcomed to contribute to the technical program of the conference by reporting their new results from their researches related to the above topics. All submitted papers/abstracts will go through a reviewing process, and all accepted manuscripts will be published in the conference proceeding.

The abstract should be written in 250 to 300 words with the authors' contact information (presenter, co-authors, and correspondence details: mailing address, email and phone number) and submitted before June 20, 2016 through our website (<http://2016isetpp.ppeskl.com/>).

The authors of each paper will be notified by July 20, 2016, if the paper has been accepted. A 'Guide for Preparation of Preprints' will be forwarded with the advice that the paper has been accepted. This will detail the requirements for the paper to be published in the Proceedings. Papers are accepted on the basis that the principal author or a co-author will be attending the Symposium to present it.

REGISTRATION

Registration Fees (In CNY)

Classification	Before August 20, 2016	After August 20, 2016
Regular Participant	CNY 1800	CNY 2400
Student	CNY 900	CNY 1000
Accompanying Person	CNY 600	CNY 600
Banquet	CNY 200	CNY 200

For general participants and students the registration fee includes

- Admission to all conference sessions and exhibition
- Access to the welcome reception (November 7, 2016)
- Coffee, tea and lunch during conference breaks
- Conference Kit (Bag, Scientific Program and Abstract Book)

For accompanying persons the fee includes

- Admission to the exhibition
- Access to the welcome reception (November 7, 2016)
- Coffee, tea and lunch during conference breaks
